UNCLE SAM RUSHES THE MOBILIZATION OF ARMY

Marines Assembling at Newport News and Philadelphia From Where They Will be Transported at Once to Concentration Camp

BORDER TROOPS WILL BE RUSHED TO GALVESTON

Battle in Mexico City Still Rages and the Firing This Morning Was General Over the City—Diaz Guns Four Fierce Fire on National Palace Which is Threatened by Rebel Attack—American Shot While Walking Along Street.

Washington, Feb. 18.—Further preparations for co-operation between the army and navy for any emergency in the Mexican situation went forward today with the assembling of 2000 marines at Newport News and Philadelphia, from where they are to be transported to a concentration camp at Guantanamo.

It was expected that the two regiments would sail today. At Guantanamo they will be 70 hours from Vera Cruz.

While a veil of secrecy was thrown about preparations for mobilizing an army expeditionary force at Galveston from the troops now on the border, it was known that troops as far north as Leavenworth, Kas., had been ordered in readiness.

The order last night to send two of the transports at Newport News to Galveston disclosed that the general staff was actually organizing for the possibility of a movement from the latter point.

Washington, Feb. 18.—General Diaz and his rebel command may soon be in full control of the residential section of Mexico City, according to a dispatch from Ambassador Wilson. Diaz is reported to have advanced his line to the corner of Insurgentes and Niza streets, apparently with the intention of attacking nearby batteries.

Mexican federal troops were last night withdrawn from all exposed points and concentrated near the national palace, which has been placed in charge of General Blanquet's command, according to a state department report today.

Mexico City, Feb. 18.—The leaders of the government troops are preparing for aggressive action against rebels during the day. It is said they intend to use dynamite and mortars throwing dynamite shells.

This is virtually what was announced by President Madero last night. Important developments are expected to take place in the course of the day.

It was found that the rebels under Felix Diaz had materially extended their lines and were threatening some of the federal positions. Up to 9 o'clock this morning rebel batteries, as well as federal cannon, had maintained silence, but about 10 o'clock the firing became general and the big guns of the rebels in the arsenal were brought into play on the national palace with a fierce fire. The palace itself was threatened by an attack by a body of rebels.

Silas F. Gilmore, an elderly American, who is manager of an important mechanical works here, received three bullets in his right forearm today, as he was unconcernedly walking along Colima street. He ran into the middle of a skirmish between detachments of rebels and federals.

Firing went on practically the whole night from both the federal and rebel position. In the total darkness it was impossible to ascertain whether any advantage was gained by either side. At dawn the artillery duel died down gradually and finally stopped altogether.

The news of Madero's decision became known early in the forenoon. At that hour the position of the government was weakening and the federal troops were apparently becoming demoralized.

President Madero agreed today in principle to the appointment of a president ad interim. The announcement that Madero had agreed to the appointment of a provisional president was made on the authority of the Mexican foreign minister, Senor Lascruain.

Desultory cannon fire from both the rebels and federal positions was still in progress at noon. The belief was gaining ground however that a settlement of some kind would be reached before night.

El Paso, Texas, Feb. 18.—A machine gun of the 13th cavalry platoon at Hachita, N. M., disappeared Sunday night according to reports received today. It is believed that Mexican rebels came over the border and stole the gun.

Leavenworth, Kas., Feb. 18.—Orders to hold the 7th infantry and the 1st battalion of the 19th infantry in readiness for active service were received at Ft. Leavenworth today from the war department. The post quartermaster immediately arranged with a railroad company to supply four troop trains upon instant notice and began supplying the troops with field and camp equipment.

Washington, Feb. 18.—The United States is rushing war preparations with almost frenzied haste on a scale of great magnitude.

Although the government denies having any intervention plans, the activities indicate that there will be troops and warships at the right places to interfere with a wanton slaughter of lives with all the force at the government's command.

These definite war preparations were made by order of President Taft.

Two thousand marines ordered rushed to Cuba on two transports to await further orders within striking distance of Mexico City.

Two empty transports rushed to Galveston to be ready to take troops to Vera Cruz.

All army posts throughout the country ordered to get on a war footing.

All state militia ordered to be in readiness for call to field service.

unqualified approval of the European powers.

Washington, Feb. 18.—Two thousand United States marines from various barracks along the Atlantic Coast have been ordered to Cuba, there to be held in readiness for possible use in Mexico.

Half of them will depart tonight from Philadelphia on the army transport Meade, already on its way from Newport News for the purpose. The second thousand will start from Norfolk on the naval transport Prairie, which, it is expected, will clear Wednesday.

The marines will be drawn from the barracks at Norfolk, Washington. (Continued on Page 2, Col. 1.)

FRIEDMANN HAS STARTED FOR AMERICA

Berlin, Feb. 18.—Dr. Friedrich Friedmann, whose claims to the discovery of a serum curing tuberculosis have been much discussed, sailed for New York today on the steamship Kron Prinzessin Cecilie.

He took with him a quantity of the live germs which he asserts are so efficacious and it is understood he proposes to attempt the cure of 95 out of a hundred cases of tuberculosis, a test for which a New York banker has offered a million dollar fee if success is attained.

COLUMBUS TO TAKE VOTE ON CHARTER, MAY 6

Columbus, Feb. 18.—Without a dissenting vote, council Monday evening passed the ordinance which will allow the people of Columbus to decide, May 6, whether they wish a commission of fifteen men to frame a new municipal charter.

Virtually two elections will be held May 6, although both expressions of the people's will are to be made on a single ballot. First, the question of whether the voter wishes the election of a commission or a board to frame a charter will be submitted. The same ballot also will bear the names of candidates for the commission, so that if the first question is decided in the affirmative, another election for the selection of these men will not be necessary.

Candidates for the commission will be nominated by petition. Two per cent., or about 900 voters of Columbus, may nominate a candidate by petition. The campaign, both on the question of whether Columbus shall have such a commission, and if so, who shall compose it, may begin immediately. The commissioners will serve without pay.

The Cleveland commission already is at work and is holding four meetings a week. An appropriation of \$5000 has been made for it by the Cleveland council.

DEADLOCK IS BROKEN AND STRIKE AVERTED

New York, Feb. 18.—There will be no firemen's strike on the eastern railroads. The railroads yielded today and agreed to arbitrate under the Erdman act the controversy with the Brotherhood of Locomotive Engineers and Firemen. The firemen had stood to a man for this method of arbitration ever since the deadlock began. The railroads had stood firm for arbitration before a commission of six or seven men. Three men acting under the law will decide the firemen's claim and their decision will be binding.

The decision of the roads was announced shortly before 10 o'clock this morning in an official statement issued by Elisha Lee, as chairman of the conference committee of managers.

"The managers feel," says the statement, "that the public will not tolerate a strike."

SUNSHINE FLOODS THE ROOM AS THE SPIRIT OF THE VENERABLE "POET OF THE SIERRAS," TAKES FLIGHT

Joaquin Miller

San Francisco, Feb. 18.—Joaquin Miller (Cincinnatus Heine), the poet of the Sierras, died Monday in his one room cabin, which he built in the Piedmont Hills many years ago.

The end came at 3 o'clock in the afternoon, with warm sunshine flooding the room where lay the author of "Songs of the Sierras."

Death came slowly upon the venerable poet. He became unconscious last Thursday after a lingering illness, which began when he was attacked by paralysis two years ago. His wife and daughter Juanita were summoned at that time from the East and have been with him since. The weakness of age had come upon

HUNGARIAN CRAZED BY JEALOUSY MURDERED HIS WIFE IN COLUMBUS

Columbus, Feb. 18.—Charles Covach, aged 27, a Hungarian of Sugar Creek came to Columbus yesterday, evidently for the sole purpose of riddling his young wife, aged 20, with bullets. The shooting took place at 6 o'clock at Innis avenue and Wager street, and the woman died at Mercy hospital several hours later.

Every one of the five shots from a 32-caliber revolver took effect. Two bullets pierced her left breast above the heart, two pierced the left arm and one passed through a kidney and the liver. While Covach was doing the shooting with one hand he held the woman with the other.

I. T. Geiger, street car inspector, who was getting off a car at the time, ran to the assistance of the woman. She collapsed in his arms. An ambulance took her to Mercy hospital.

Covach fled after the shooting. George John and Anthony Rappold, three brothers, captured him in a nearby field. He was taken to police headquarters and to Police Captain Dyer he admitted he was guilty. He was locked up.

Covach said his wife ran away from home recently with another man. He came to Columbus after her. He found her yesterday and together they went to a priest's home with the intention of effecting a reconciliation. Failing in this, he shot her while in a fit of rage soon afterward. They have one child.

WILL REPORT LIQUOR LICENSE CODE TONIGHT

Columbus, Feb. 18.—The liquor license code as framed by the temperance committee of the legislature and endorsed by Governor Cox will be reported to the joint house and senate tomorrow night.

The proposed law is endorsed by the committee, it will be placed before the joint session of the legislature tomorrow.

REFERS WEBB BILL TO WICKERSHAM

Washington, Feb. 18.—President Taft today referred the Webb bill regarding the shipment of liquor into dry states to Attorney General Wickersham and Secretary MacVane. The fact that the bill was sent to Mr. Wickersham is said to indicate that the president is in favor of its passage.

YOUNG GIRL FOUND IN EXHAUSTED CONDITION IN THE CREEK BOTTOMS

Employees of American Bottle Plant Discover Fifteen-Year-Old Girl Who Had Spent Night Under Clump of Trees

TELLS STORY OF AN ASSAULT BY A BURLY NEGRO

Police Patrol Removes Young Woman to Sanitarium Where She Tells Many Conflicting Stories—Claims to Have Been Chloroformed and Taken to Place Where She Was Found—Had a Disagreement With Her Parents and Left Home Sunday.

Pearl Ford, aged 15 years, daughter of Mr. and Mrs. Samuel Ford of Wright street, over the Granville street hill, was found in the creek bottoms east of Channel street Tuesday morning by a number of employees of the American Bottle Company's plant, suffering from exposure and exhaustion caused by spending the night in the open air with no warmth except that furnished by burning gas escaping from a leak in the gas mains.

The young woman was taken to the home of William Schlegel and the police department was notified. The patrol wagon, with Wagonman McClure and Dr. W. H. Knauss, made a hurry run to the Schlegel home, and the girl was removed to the Newark Sanitarium. She was soon revived and is in fair condition to be removed from the hospital in a day or two.

The girl told a sensational story when first found by the glass men, about being attacked by a colored man. She first told that he had chloroformed her and had taken her to the spot near the fire. She later denied, though she still insists that she was in company with the negro.

While in the Sanitarium she told many conflicting stories, the only fact to which she clings after repeated questions being that she was near the fire with the negro Monday night.

Miss Ford left home Sunday afternoon, following a difference of opinion she had with her parents. She wanted to go to a picture show, while her parents insisted that she go to church. She left home somewhat angry.

From this time on, it has been difficult to get any connected story of her movements. It was learned by the officials that she visited the homes of several friends Sunday afternoon in West Newark.

She told officers that she spent Sunday night in a rooming house, the location of which she had forgotten. The next morning she asserted that she spent Sunday night at the fire where she was found Tuesday morning. She asserted that the negro had followed her Sunday night and practically all day Monday, trailing her footsteps as she walked to East Newark Monday and later to the "swinging bridge," near where she was found.

At first the officers believed her story of her assailant having used chloroform, as there was a peculiar odor on her breath. Later it was decided that this came from the condition of her stomach. As far as the officers have been able to learn, she had nothing to eat from Sunday afternoon until Tuesday morning.

The girl's story of being in company with a negro was strengthened Tuesday morning, when a report was made at police headquarters that teamsters in the employ of the Newark Plaster Company had seen a girl answering to her description on the swinging bridge Monday evening, in the presence of a large concourse of people.

PRESIDENT TAFT CALLS NEW SENATE IN EXTRA SESSION

Washington, Feb. 18.—Another formal step toward the inauguration of Woodrow Wilson was taken today at the state department with the issue of President Taft's proclamation calling the new senate in extra session on March 4 at noon. This is for the inauguration of new senators, and confirmation of the new president's appointments.

CHAS. D. HILLES IS GIVEN JOB

Albany, N. Y., Feb. 18.—Charles D. Hilles of Dobbs Ferry, secretary of the President Taft and chairman of the Republican national committee, was appointed last night by Governor Sulzer as a member of the board of managers of the New York State Training School for Girls at Hudson.

Kidney Trouble Causes Lame Back

I am pleased to say a good word for Dr. Kilmer's Swamp-Root, as I was troubled for a year or more with my kidneys and annoying symptoms. My brother advised me to try Swamp-Root. I took several bottles of this remedy with excellent results. At the time Swamp-Root was recommended to me, my condition was such that I found it an effort in stooping or bending and in attending to my duties as Manager of the \$9.99 Store at 122 Main street, Evansville, Ind.

Very truly yours,

MEXICAN WAR

(Continued from Page 1.)
ton, Philadelphia, New York, Portsmouth, Boston and Charleston.

Guantanamo is the present objective point of the marines, who will be established in camp in connection with the fleet under the command of Rear Admiral Badger. Whether these men will get further than Guantanamo will depend on Mexican developments.

Besides the movement of the marines two army transports were ordered last night to proceed at once from Newport News to Galveston, Texas, where they might be close at hand for the movement of troops from the border should any unexpected emergency arise.

The Third Cavalry at Fort Sam Houston was directed to hold itself in readiness to entrain for Galveston, prepared for foreign service.

The government has no transports available in Gulf waters and investigation disclosed that to engage commercial vessels in time of emergency would entail enormous expense, and delay would result in preparing them for transport service.

It was therefore determined to send two of the transports at Newport News to the Texas port, to await further orders. It was not announced which transports would be sent, but the McClellan, Sumner and Kilpatrick are prepared for service.

The marine brigade will be in command of Colonel Lincoln Karmann, the First Regiment, which leaves from Philadelphia, being in charge of Colonel George Barnett of Philadelphia, with Lieutenant Colonel John A. Lejeune of New York second in command.

The Second Regiment, sailing from Norfolk, will be under Colonel Joseph H. Pendleton, who was active in the recent activity of American marines in Nicaragua, and Lieutenant Colonel Charles G. Long, who was also in Nicaragua, will be second in command.

The withdrawal of this large number of marines means, it is said, that that branch of the defensive service of the country probably will be obliged to go entirely unrepresented in the inaugural parade. It had been planned to have about 1000 marines in the long line on that occasion.

At the various Atlantic barracks there are 3830 marines, the number at the places to be drawn on in the present movement being Norfolk, 785; Philadelphia, 700; New York, 573; Portsmouth, N. H., 304; Washington, 356; Boston, 341, and Charleston, 148. In addition there are with the Atlantic fleet 1462 marines.

President Taft is plainly worried by the fact that, although he has only 15 more days to serve in the White House, the situation in Mexico shows little signs of becoming less troublesome.

The president has no desire to leave over for Mr. Wilson the settlement of this country's relations with Mexico, but he is decidedly opposed to taking any measures himself unless extreme provocation and

wholesale murder of Americans drive him to it.
The president told friends today that he realized what a difficult thing it would be for a new administration to gather up the reins of government and understand the conditions in the southern republic in a few weeks or in a few months.
He is of the opinion that it would take at least six months for Mr. Wilson and his cabinet to grasp details of diplomatic negotiation, of troop and battleship movements and of international law, that he and his cabinet have acquired in two years of close study of a condition that never has ceased to confront them.

He has informed his advisers that he will be president up until Mr. Wilson takes the oath of office and that if intervention is demanded by Congress on his last day in office he would not hesitate to concur.
But he hopes that he will not have to act and then move into the background, leaving a new president to grapple with the real problem.

This problem has been greatly complicated by the act of the Madero government, possibly without the actual direction of President Madero, in sending broadcast through Mexico news that armed intervention by America was about to occur in the hope of inducing malcontents to drop their temporary quarrel with the government and respond to the patriotic call to repel foreign invasion.

It was for this reason that the state department was obliged, late in the day, to cable and telegraph directly to all of the American consular officers who could be reached an unequivocal denial of any intention on the part of the United States to send troops into Mexico, or of any change in policy on the part of this government.

It was felt that the safety of Americans scattered throughout Mexico was jeopardized by these false reports.

While President Taft's message to President Madero referred to the reports that orders had been given to land forces in Mexico as "inaccurate," it was noticeable that no pledge was held out as to the future, nor was there any suggestion that ordinary preparatory measures now in progress would be discontinued.

In addition to ordering marines to Guantanamo, word has been passed quietly to military commanders of the interior posts to make ready for contingencies. It was insisted, however, that this was only one of the most ordinary and proper measures of precaution, taken upon the merest hint of trouble and often without probability of such.

The first statement given out by the state department confirms the official news that not only the City of Mexico, but the entire republic of Mexico, is in a state of anarchy.
"The ambassador telegraphed that he was informed by General Diaz that the federalists, by taking new positions, establishing cannons on certain buildings and by placing 700 pounds of dynamite in the sewers approaching the citadel, were violating the armistice which had been established through the embassy's efforts."

The embassy sent out persons to investigate General Diaz's statements and found them to be true.
"The water supply of the embassy was cut off, as well as the electric lights from half of the building, Consul Canada telegraphed at midnight from Vera Cruz that refugees were still arriving from Mexico City. They state that the American and foreign residential districts suffered heavily from the bombardment and report that Diaz was said to have ample provisions and ammunition, while the federal forces were short of both."

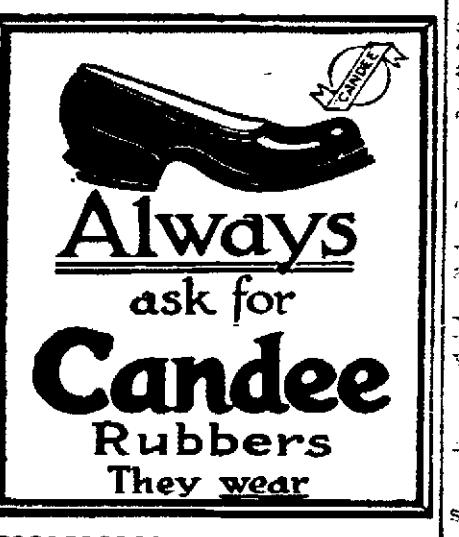

Telegrams from American consulates, as well as the admiral at Mazatlan, confirmed by a telegram from the City of Mexico, having indicated the circulation from the city of sensational stories, resulting in many cases in dangerous and quite unwarranted intimations to the public that military intervention had already begun, the department of state in order to forestall the bad effect of these erroneous statements, has telegraphed to all the consulates in Mexico authorizing the consular officers to make it clear that the policy of the United States remains unchanged; that these stories are quite erroneous and that the action hitherto taken by the American government is exactly conforming to the principles hitherto announced, that the measures taken are of ordinary precaution."

Ambassador Wilson telegraphed that there was great activity in removing foreigners from the danger zone and arranging for the transportation of many women and children to the United States.
Reports indicated that losses of the Diaz side had not been great, and that their lines had been extended in one direction beyond the palace of the minister of education, which they had taken, and in the other as far as the German school.

OBITUARY

HENRY KEMNITZER SR.
Henry Kemnitzer Sr., one of Newark's oldest German citizens, died at home, 146 Valandigham street, at 7 o'clock Tuesday morning, at the age of 80 years. The deceased had for a long time been an asthmatic sufferer, and on February 10th sustained a stroke of paralysis, from which he became unconscious, in which state he has remained for the past six days.

The deceased was born in N.Y. by Hof, Barrigan, Germany, and came to this country about 50 years ago. He lived in Zanesville for twenty years, and the other thirty years of his life were spent in Newark.

He was twice married in Germany, and from the first of these marriages one son, Christian, now lives in Columbus.

Forty-five years ago he was married in Zanesville to Miss Elizabeth Hildebrand and from this union three children survive. They are Fred and John, Terre Haute, Ind.; William, Edward and Henry of Newark; George, of Coshocton; Sophia, of Milwaukee; Louise, of Los Angeles, and Mrs. Lena Cochran of Sautelle, Cal.

The funeral will take place from the home Thursday afternoon at 2 o'clock, Rev. Thomas Haller of the German Lutheran church conducting the services. Interment in Cedar Hill cemetery.

RHEINHARD P. HESS.
Rheinhard P. Hess, aged 64 years, a highly respected German resident of Newark, died very suddenly at 7:15 o'clock Tuesday morning at his home in Moull Grove.

Mr. Hess had been troubled with a nervous affection for many months, and Tuesday morning was not feeling as well as usual. He ate a light breakfast after which he went to the barn to hitch up. He did not return in a reasonable time, his daughter, Mrs. M. J. Beeny, went out and discovered her father lying on the floor with the bridle in hand. She called for help and it was found that Mr. Hess was dead.

The deceased was born in Barchfeld, Germany, coming to this country in 1842, and came directly to Newark, where for some years he lived on the farm of his brother-in-law, Rheinhard Scheidler, situated on the Cherry Valley road about two miles west of Newark, afterward moving to his present home.

There are a widow and five children left to mourn the loss of an affectionate husband and a kind and indulgent father. The children are Annie, at home, Ernest, who is in the west, August P. of Newark, Fred, of Chehalis, Wash., and Mrs. Beeny of Newark.

The funeral arrangements have not yet been concluded.

The deceased was a member of the St. John's German Lutheran church all the time he had resided in Newark.

Mr. Hess was also a soldier in the Franco-Prussian war and did valiant service.

MRS. WOLFORD'S FUNERAL.
The funeral of Mrs. Sarah E. Wolford will be held tonight at 6 o'clock at the English Lutheran church in First street. Rev. G. B. Schmidt officiating. The body will be taken to Clearspring, Md., for interment. The party will leave on B. & O. train No. 8 Tuesday night, going directly from the church to the depot.

CARD OF THANKS.
To our friends and neighbors who extended their sympathy in our sad bereavement of the death of our mother, and to those who so willingly gave assistance during her sickness, I extend my heartfelt thanks. I also desire to thank the Willing Workers of Spencer Chapel and others for their beautiful floral offerings. A. B. Kreager.

Every Home Needs This Fine Remedy

A Mild, Reliable Laxative Tonic is
Something No Family Should
Be Without.

No well-regulated home should be without a laxative, for there is scarcely a day in the life of several persons that some ailment does not complain of a headache, indigestion, or show the first signs of a cold.

A laxative then is a necessity to or what was a congestion of the beginning of a cold, into a serious cold or fever. A laxative remedy is needed, but since a laxative tonic that will not irritate the liver and stir up the bile, and are themselves healthy, and have seen the little ones, will tell you that there is nothing better than Dr. Caldwell's Syrup Pepsin, which you can obtain at any drug store for fifty cents or one dollar a bottle, the best thing the family size.

Among the great cures in Syrup Pepsin for constipation in old and young, and as a household emergency remedy, is Mrs. J. W. Anderson, Oswego, Kansas, who writes after using a sample bottle and two dollar box of Dr. Caldwell's Syrup Pepsin: "On the plea of the duty that every one owes to fellow sufferers, I want to tell all such who are bowed in spirit, broken in health and discouraged with life, not to give up until I have given Dr. Caldwell's Syrup Pepsin a fair trial. Syrup Pepsin is a scientifically compounded and its use is recommended by Mothers give it to your babies, and

MRS. J. W. ANDERSON.

grown people, taking a little larger amount, find it equally effective. It is mild and gentle, pleasant-tasting and free from griping.

It does not hide behind a high-sounding name and is absolutely free from any prohibited ingredient. Families who once use Syrup Pepsin for ever after avoid cathartics, salts, pills and other harsh medicines, for these only do temporary good, are nauseous and a shock to any delicate system. Such things should never be given to children.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington street, Monticello, Ill., and a free sample bottle will be mailed you.

COURT GAVE PRISONERS SENTENCES

END OF HEAVY CRIMINAL BUSINESS FOR THE JANUARY TERM.

Every Case Results in Verdict or Plea of Guilty—General News of the Court House.

The criminal business of the January term of common pleas court, which began Feb. 10, was most expeditiously transacted and came to an end Tuesday morning. The docket was a heavy one and many of the cases did not come to trial, but pleas of guilty were made and accepted by the state, thus saving much expense to the county for trials which were almost foregone conclusions.

Prosecuting Attorney J. Howard Jones made a most enviable record in his first criminal term, as the state's attorney, having secured a verdict of guilty in every case tried, while all the other defendants against whom there were indictments, pleaded guilty.

Judge T. B. Fulton also has a faculty of keeping trials moving along and avoiding unnecessary delay.

In the case of the State of Ohio vs. Frank Solters, alias Frank Colters, the jury found the defendant guilty. He was indicted for burglarizing the office of the Wyeth-Skor Co., in September last, and taking a quantity of postage stamps and office material.

In the case against the same defendant for entering the office of the E. T. Rutz Haller Works and taking therefrom a quantity of postage stamps, the defendant changed his plea of not guilty to burglary of guilty of larceny.

The defendant was remanded to jail for sentence hereafter.

The court and jury took up the trial of the case of the State of Ohio vs. Sam'l Dettlerline, indicted for rape. After the prosecution

witness had been examined, the defendant changed his plea of not guilty to guilty of assault and battery, and was remanded for sentence hereafter.

State of Ohio vs. A. L. Kreider, a peace warrant case; dismissed for want of prosecution at costs of the complainant.

Same order in cases of State of Ohio against Walter L. Varner and State of Ohio vs. Daniel W. Green.

State of Ohio vs. Raymond Tipple, indicted for breaking into the building occupied by the Ohio Trading Co., in Second street, this city, and taking personal property therefrom. Former plea of not guilty withdrawn and plea of guilty entered. The court stated that he desired further time to inquire into the circumstances and the case was passed for sentence hereafter.

State of Ohio vs. Jeff Laird, indicted for burglary and in which a plea of guilty of petit larceny was accepted; sentenced to 20 days in jail.

State vs. James Waddell, charged with larceny; plea of guilty. Sentenced to jail for 20 days.

State vs. Ernest Garrison, indicted for assault with intent to rape and found guilty of assault and battery. Sentenced to jail for six months.

State vs. Charles Walz, found guilty of pocketpicking. Sentenced to the Ohio penitentiary for two years.

State vs. Frank Lufice, charged with sending a threatening letter with intent to extort money; heretofore found guilty by the jury. Sentenced to the Ohio State reformatory at Mansfield.

State vs. George Bryson, plea entered of guilty of malicious destruction of property, the state charging that he entered the Northey barber shop in this city and broke up and destroyed a quantity of personal property. Sentenced to pay a fine of \$50 and 20 days in jail.

Another Divorce Petition.
Flora & Flory, as attorneys for Ida A. Flory, have filed a petition in divorce court, asking for a divorce from Henry McKee, alleging failure to provide, neglect of duty and desertion.

Adjudged Insane.
Upon the affidavit of Drs. C. B. Hemphord and S. O. Gault, Emma A. Brown of Croton was adjudged insane in probate court and taken to

Columbus Tuesday morning. The subject is 46 years of age and has a husband and nine children. The attack of lunacy came upon her suddenly and takes the form of a religious mania and develops in singing hymns, loud praying, refusal to converse with anyone or to take food.

Kuster Cup Contest.

Mr. Byron Dickinson defended the Kuster bowling cup for the second time, beating his man, Mr. Don Long, 55 pins in the five games. The scores were just fair. Wednesday night Mr. Dickinson will defend it again against Mr. Robert Ross. In the drawing last night, John Kane's name was drawn out. Following are the scores of last night:

A sore throat is a serious matter and is not to be healed by such make-believe remedies. The use of such methods is simply putting the patient to need-

Sore Throat Don'ts

When the children have sore throat, don't blister their necks with lamp oil. Don't torture them with a foul smelling piece of fat meat, wrapped about the neck. Don't imagine there is medical virtue in an old sock or piece of red flannel. Don't believe in antiquated superstitions.

UNITED DOCTORS TO OPEN THURSDAY

New Newark Institute Will Be Ready to Receive Patients Thursday Morning.

FIRST FEW CURED FREE

Grand Offer to All Patients Accepted for Treatment Before March 10th.

Thursday morning at nine o'clock is the time now definitely set for the opening of the United Doctor's new Newark institute on the second floor of the Arcade Building, the main entrance to the institute being in the Arcade near Third street, and Thursday will no doubt be a busy one for these specialists for many patients are anxiously waiting the opportunity of being cured by these master medical specialists.

In Eastern and Western cities where the United Doctors have old established institutes and where their work of curing diseases by the United system is well known, their institutes are always crowded with patients.

Here, of course, their work is practically unknown except to readers of western dailies or to progressive physicians who have read accounts of their work in journals and to those who have been to their institutes in other cities to see the work done by these great specialists or have read of it in other daily papers. To those who have followed the career of the United Doctors it is evident that a new era is dawning in medicine, and that the day is not far distant when Allopaths, Eclectics and Homeopaths, of the good old schools must drop their prejudices and work more for the good of humanity and less for the glory of their particular cult. The day is not far distant when medical colleges will be founded to teach this new United system to practicing physicians.

In opening the Newark institute a special offer is made to sick people. In order to secure a few difficult cases quickly, these specialists have agreed to treat absolutely free of charge, all the sick and afflicted who commence treatment before March 10th. Consultation, examination and treatment will all be free. The only charge made is for the bare cost of actual medicines used on the cases and its distribution.

This is really a very remarkable and generous offer by these great specialists. It is not an offer of free treatment for a few weeks, but free treatment until well, regardless of the length of time.

The diseases treated by the United Doctors are the chronic diseases of the blood, nerves, kidneys, liver and stomach, including rheumatism, paralysis, epilepsy, rupture, asthma, catarrh, deafness, constipation, neuralgia, nervousness, loss of nerve force, goiter, gall stones, diseases of women and diseases of men.

The treatment used by the United Doctors is non-surgical. They never use the knife, never mutilate the body which God built in His own image. Only the best and purest drugs and chemicals are used by the specialists. Their motto being that every sick person is entitled to the best medicines that are to be found in nature regardless of cost. To obtain pure drugs they prepare all of their medicines in their own laboratory and every patient is thus assured a pure medicine, the best obtainable.

Constitution and examination is free to all, but only curable cases will be accepted. If your case is incurable you will be told so and not one penny of your money accepted. However, many cases that are incurable by old methods can be quickly cured by this wonderful new treatment of the United Doctors. A few of the other United Doctor institutes are those at Columbus, Dayton and Springfield, Ohio, Johnston, Pa., Wheeling, W. Va., and Trenton, N. J. All these institutes have remarkable prestige in their communities, which alone, should give the public great confidence in their work.

NOSTRIOLA CLEARS THE HEAD, BREAKS A COLD, STOPS CATARRH

This Simple Common-Sense Treatment Costs But a Trifle and Brings Quick Relief.

Nostriola is a simple, harmless antiseptic balm that quickly opens the head, purifies and heals the mucous linings of the air passages and this treatment is much more pleasant and satisfactory than stomach dosing to cure a cold.

Everybody knows that colds lead to Catarrh, Catarrhal Deafness, Catarrhal Headache, Nasal Catarrh, Hay Fever and kindred diseases.

The best time to cure Catarrh is before it becomes chronic, and the quickest way to get results is to apply the treatment direct to the seat of the trouble.

The nostrils and the air passages are the breeding places for the Catarrhal and Hay Fever germs, and these germs thrive and grow when the parts are sore, swollen and inflamed by colds.

The Nostriola Treatment always affords quick, pleasant relief, and many people now use nothing else for Colds, Croup, Catarrh, etc.

A 25c tube of Nostriola contains sixty days' treatment and all druggists sell it. Buy a tube today, and you'll wish you had tried Nostriola sooner.

public and newspaper critics manifest themselves in its concern.

"Baby Mine" has already reached its second year in London, where it is playing to record-breaking business.

Al. H. Wilson.

Al. H. Wilson, the singing German dialect comedian, will return to the Auditorium Friday, Feb. 28, with his annual message of Lohdy and romance. Never before has he struck a deeper tone of response from his audiences than he has this season with his new song-adorned comedy, "It Happened in Potsdam." From the first to the last this play is said to be a succession of charming stage pictures and unforgettable songs. Mr. Wilson's success as an entertainer evidences these two things: That as an actor he is ripening each season into a maturer and more delicate art; that as a singer he has lost none of his power of enchantment. During the action of the play Mr. Wilson will render several new songs of his own composition. One in particular, "Loves of Bygone Days," is said to be a musical gem that will long be remembered by all who hear it. The others are "She Loves Me—She Loves Me Not," "My Lady Fair" and a new Yodel, "The Twilight's Call."

AMUSEMENTS

AMUSEMENTS

Mrs. Fiske as Mary Page.

Mary Page, an untutored and uneducated child of the country, born to a life of drudgery and paternal cruelty, but with a keen imagination and a longing for the beautiful things and a broader vista than that of her sordid surroundings, had listened to the love song of Alan Wilson, a wealthy young artist who had made her home his stopping place during a summer sketching tour.

With him she traveled, ever in an atmosphere of romance, to the art centers of the world, whence he collected priceless treasures to adorn their home on Riverside Drive, New York. During the three years that had elapsed since they left the farm, a realization had come to Mary that she had missed life's great meaning, and stronger and stronger grew the conviction that she must cast aside all she had known of luxury and go forth, humbly, to work out her own regeneration.

How she does so, through periods of storm and stress and how great is her eventual crown of victory, Edward Sheldon has told in his new play, "The High Road," in which Mrs. Fiske, premiere artist of our stage, is to be seen at the Auditorium Thursday evening, February 20. Seats are now on sale.

WILLIAM A. BRADY TO DEVELOP TALENT FOR THE STAGE

Is there any young man or young woman in this city, possessing real dramatic talent, who desires to develop it upon the stage?

Before answering the question, please consider it carefully.

It is not directed at those who desire to go on the stage without possessing talent. There are already enough stage-struck persons in the world without adding to the list to make the lives of producing managers any more of a burden than they are now.

But if, as has been said, there is latent dramatic talent in this city, there is a man in New York willing to grasp it. He is William A. Brady, producer of many notable successes, one of the chief of which "Bought and Paid For," it will be the pleasure of play-goers to witness here shortly.

Mr. Brady has not let down the bars that heretofore have served to keep the green pastures of stars and heat-stars free from the invasion of the ambitious but untalented actors and actresses who have been longing for a chance to get in. He has done more than that, he has even caused "Welcome" to be rung up over the gate.

No, Mr. Brady is not exactly a philanthropist. This new step of his was not taken for his health or even for the pleasure of giving to others. He is simply hunting for talent which he may turn into fame for his possessor and at the same time into perfectly good American dollars for himself.

"I have no intention of turning my business into a school of acting. What I intend to do is simply to give everybody a chance. Last this may be considered a general invitation for the stage-struck to descend upon me, I'd like to announce that there will be no sugar-coated pills for those who haven't some trace of the 'goods.' I have found that it is only about one out of every hundred applicants who have real stage talent. It is not an agreeable task to undertake these misguided souls, but it is vastly better for them to learn the truth early than to go on cherishing delusions which prevent them from applying themselves to more congenial pursuits.

"But I believe I am adopting a wise course when I encourage the application of those with histrionic tendencies. I realize that what we most need at the present time is young, fresh talent, and instead of encouraging it to come to us we have built an insurmountable barrier to keep it away. It does not require any particularly vivid sense of vision to perceive that if we continue to

keep up the bars, we shall have to go on engaging the same group of actors and actresses the year around, with a mere filtering in of the few who manage to creep under the fence or fly over it. It often has occurred to me that if we are to do away with the difficulty of digging up new talent, we have been going the wrong way about it and increasing our perplexities instead of smoothing them out."

ONLY ONE GLANCE.

"Did you notice that woman who just passed?" inquired he.

"That one?" responded she, "with the gray hat, the white feather, the red velvet roses, the mauve jacket, the black skirt, the mink furs and the lavender spats?"

"Yes."

"Not particularly."—Kansas City Journal.

der a selection. "The Hallelulah Rag."

Because of the death of his fiancée, Forrest Farmer will sing a song that is suitable for the occasion, entitled, "I Want Some One To Love."

Ned "Israel" Putnam justly recalls his trip in and around New Orleans by his song, "On the Mississippi." He will be followed by Prof. Harold "Lettus" Smucker, who will sing "When Uncle Joe Plays On His Old Banjo."

In the straight characters, most of them, Mr. Ralph Laughlin sings a Southern piece entitled, "In the South." This selection is above the ordinary and will undoubtedly take well.

Loren Hansberger, who has the gift of a cultured voice, will entertain with "That's How I Need You." Audrey Wall, the popular young tenor soloist, in his song, "Indian Queen." Frank Graham, the boy baritone soloist, renders "Dear Old Rose."

Besides the "Grand Circle," there is an olio which consists of five or six exceptionally good vaudeville acts including a Hebrew impersonator, a Dutch parody on Barbara Frietchie, two musical acts, a brass quartette, a string trio and two monologues. The olio as yet is hardly complete, but is fast getting into shape.

The performance will close with a strong farce entitled, "The Haunted Hotel." "Hire Ruggie" is given a chance to star, also the other characters of the playlet.

Forget an injury, but don't keep forgetting you have forgotten it.

FIFTEEN FOOT STRIP OF GROUND TAKES MOST OF COUNCIL'S ATTENTION

Two strips of ground, one 15 by 100 feet and another 10 by 100 feet, were jugged by Council Monday night, with interested West End people looking on and wondering. The jugging resulted when an ordinance was introduced to vacate 15 feet off the south half of Neal Place, a short street running between Neal and Linden avenues.

The West Newark M. E. church asked to have this strip vacated to permit the construction of a new church on the corner lot at Neal avenue and Neal Place. This request was made at a meeting of council on February 3, and the matter was placed in the hands of a special committee. The committee made an investigation and made a report recommending favorable action. It was when the ordinance was introduced that the jugging commenced.

The church people, with their fees augmented by Eli Hull, used council to make the strip 20 feet wide instead of 15 feet as stipulated in the ordinance. This would leave a street 20 feet wide instead of 40 feet as it is on the city plat.

Mr. Hull exhibited a petition asking for the legislation in which he agreed to open up the south end of Neal avenue if the city gave the church the 20 foot strip of land. Neal avenue has never been opened up to Main street and previous councils have wrestled with this problem more than once.

Councilman Muenz and Dayton in addresses to the council, stated that the body was perfectly willing to grant the 15 foot strip as provided for in the ordinance but that the new proposition to add five feet to the strip would require more careful consideration.

It was finally agreed to adopt the

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains, Disappear After Few Doses are Taken.

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly relieves the most severe and obstinate cases.

Croxone cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for this purpose. Croxone makes the kidneys filter the blood and get rid of all the uric acid, acids and waste matter that cause these troubles.

It soaks right in and out of the stopped-up, inflamed kidneys, the water does a special, dissolving, and drives out every particle of uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the urine so it no longer irritates the bladder, overcomes unnecessary frequency of sleep and restores the kidneys and bladder to health and strength.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is absolutely impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first day you use it, and all the misery and suffering soon disappears. You can secure an original package of Croxone at 75 cents from any first-class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

When a motion was made to adopt the report of the law committee, Councilman Dayton raised the question of whether this committee really advised. He referred council to its own record where a motion prevailed, stripping the committee appointment from the minutes. This action was taken January 20. Despite Mr. Dayton's objection, the report was adopted by a vote of 5 to 1, Dayton being the only member opposing its adoption. The report advised against the purchase of the Henry Schmidt tract as an addition to Cedar Hill cemetery, as the law forbids the purchase of ground for cemetery purposes where there is a dwelling within 500 feet of the property. Councilman Prior suggested that the house be moved so

Councilman Dayton submitted an ordinance to issue notes to borrow money in anticipation of the collection of special assessments for the paving of Elmwood avenue. Mr. Muenz's resolution to have Riley street from Sixth to Union was adopted. Mr. Dayton's resolution to vacate plans for the construction of a sewer from Rutoon Creek to Seventh street in Main and from Main to Locust street in Seventh, was adopted. Mr. Payne offered a resolution to prepare plans for the sewer in Washington street from Cedar to Webb. It was adopted. Just before adjournment, Councilman Prior asked for information regarding the amount of money appropriated for cleaning streets. He called council's attention to the muddy conditions of the crossings of the various streets and declared that the city should take some action towards keeping the crossings clean.

NEW SHOE CO. INCORPORATED

A special dividend to the Advocate this afternoon from Columbus states that the Miller Shoe Company of Newark was incorporated with a capital stock of \$50,000. The incorporators named are the sons of the late George A. Smith, A. G. Holley, L. H. Yoda and N. Roling. The office of the new company is at 100 North Third street. It was organized this afternoon. It is a new company and its business is to manufacture shoes at the local factory.

THIN FOLKS MADE FAT.

Good, healthy food can only be gained by the use of the proper food. The proper food is the one that contains the proper balance of the organs of assimilation. Nine people out of ten in order to be healthy, should use Samos. Samos is a health restoring food. With yourself better, commencing to use these little tablets, and see how your weight increases from week to week. Samos does not contain a particle of starch or oil, nor is it any nauseating preparation, such as is usually recommended to make people fat and which does not build up good healthy tissues. Samos has valuable flesh-forming qualities, tones up and strengthens the whole system. Helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

THE BIRTHDAY CALENDAR.

IF THIS IS YOUR BIRTHDAY You will be tempted to do an unkind action which, if done, would cause you far more regret than you can foresee. Prosperity and good fortune are in store for you. Regrets would mar your enjoyment. Those born today will be strong physically, but will have to be shown the advantages of being able to control their passions. Their training should be broad and charitable, as they easily become fanatical and cruel under southern narrowness of thought. (Feb. 18.)

LIFE INSURANCE

(Talk No. 7)

HAVE YOU TAKEN YOUR INVENTORY?

Why do merchants of all kinds take inventories of their stock every year? To see what shape they are in financially. Sit down tonight in the quiet of your home with your wife and take a personal inventory and see if your family are prepared financially to sustain the loss of you and your income, plus the expenses of your death. The inventory of that stock of yours will depreciate 40 to 50 per cent in the hands of an administrator. A \$50,000 policy for your family at your death is worth \$50,000 and free from attachment for debt. I want to sell you an estate that will not shrink 40 to 50 per cent at your death. Address

EXTRAORDINARY STATEMENT IS MADE BY AVERY

Believed That He Will Be Completely Relieved by Notable New Remedy.

Considerable talk has been stirred up locally by the wonderful relief that H. L. Avery has received by means of the new catarrh remedy and tissue builder, Vin Hepatica. Mr. H. L. Avery, 137 Fruit street, Youngstown, O., stated:

"I have been using Vin Hepatica for a short time, having suffered with a bad case of catarrh of the head for sometime. I think it has rapidly proved its worth in my case and I have confidence in believing that I will be completely relieved by taking a continued treatment."

Vin Hepatica has been successful in many of such cases. Its value lies in the fact that it treats catarrh systematically and not locally. It has a simple action, giving quick relief by tearing down diseased tissue and replacing it with healthy.

Catarrhal affections can be indicated by any one of the following symptoms: poor appetite, singing in the ears, heartburn, broken and restless sleep, or susceptibility to colds.

Vin Hepatica can be obtained in Newark only at the T. J. Evans Drug Store who is the exclusive agent for this territory.
